

Approved Guestroom Locking Systems & In-Room Safes

GUESTROOM ENTRY LOCKS

InterContinental, Crowne Plaza, Hotel Indigo, Holiday Inn:-

VingCard (Signature series, RFID, Vision software) or equivalent.

Holiday Inn Express:- **VingCard** (Classic series, RFID. Vision software or 2800 Plus series for smaller hotels) or equivalent.

Note: Guestroom locks must be provided without a metal override key cylinder.

While IHG's preferred vendor is **VingCard** as noted above, other approved vendors include:- **Cisa, KABA/Saflock, Unican, Timelox/Assa Abloy, MIWA, Be-Tech, Häfele, Salto and Onity** (but must be equipped with the latest firmware)

GUEST ROOM SAFES

InterContinental, Crowne Plaza, Hotel Indigo, Holiday Inn, Holiday Inn Express:-

Elsafe (Sentinel II 41) or equivalent

While IHG's preferred vendor is **ELSAFE** as noted above, other approved vendors include:- **Onity, Safeplace, Chubb safe (Electronic Hotel Safe), SafeMark, Kingsgate (e-200N model only)**.

Note: In all cases, please seek approval from you local IHG office prior to ordering any locks or safes, as in some instances there are specific models that can only be used.
